

3 Courses

Getting Started with Go
Functions, Methods, and
Interfaces in Go
Concurrency in Go

May 12, 2024

Markus Lind

has successfully completed the online Specialization

Programming with Google Go

This specialization is intended for individuals who wish to improve their programming skills and harness the reliability and efficiency of Google's programming language - Golang. Because it is an introductory program, there are no specific prerequisites other than an interest in computer software. Some previous coding experience required.

Ian Harris
Professor
Department of
Computer Science

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
